

Dr. Mark E. Brooks, DSc, PT
Board Certified Clinical Electrophysiology
Board Certified Orthopedics
Point Of Care Ultrasound (POCUS) Certified
mark.brooks@praky.net

Dr. Brooks has over 30 years of experience as a clinician, administrator and educator in the field of physical therapy, and over 25 years of experience in electroneuromyography. In 1992 he went into private practice with his wife, who was also a physical therapist. Currently he serves as the President of Professional Rehabilitation Associates, PSC, a large rehabilitation private practice in Kentucky and continues to practice almost exclusively in electrodiagnostics. He is also extensively engaged in teaching and mentoring of students and residents in electrodiagnostics and has been responsible for the training, mentoring and competency certification of dozens of students and residents training in electrodiagnostics.

Dr. Brooks is a graduate of the University of Kentucky where he received his bachelor's and master's degrees and completed his doctorate in clinical electrophysiology at Rocky Mountain University of Health Professions. He is licensed to practice in Kentucky, Indiana, Florida and Tennessee.

Dr. Brooks is board certified by the American Board of Physical Therapy Specialties in both Clinical Electrophysiology and Orthopedics. Additionally, he is certified in Point of Care Ultrasound. His teaching experience includes courses at multiple colleges and universities and was one of the first instructors in Rocky Mountain University's transitional DPT program. He has also taught numerous continuing medical education courses, conducts ongoing research and has been published in JOSPT.

Dr. Brooks is the recipient of the 2019 Academy of Clinical Electrophysiology & Wound Management Award of Excellence in Clinical Electrophysiology. He currently is the treasurer of the Academy of Clinical Electrophysiology & Wound Management.
