

Vicki Buchanan, PT, attended the University of Oklahoma Health Sciences Center and Graduated with a degree in Physical Therapy in 1986. Vicki taught in the physical Therapy program at Langston University for 2 years. She also instructed first aide and emergency care at Rose State College.

Vicki started and currently owns a successful private multi-site Physical Therapy practice for over 25 years. She has mentored other physical Therapy practice owners to make their practices viable and successful as well.

She is an outpatient general orthopedics therapist and has 33 years of experience. She is certified in several physical therapy techniques including ASTYM, Dry Needling, and Kinesio tape to name a few. She is an APTA member and currently serves as the administrative secretary for the Special Interest Group of Neuromuscular Ultrasound of the ACEWM section.

Vicki has completed her Fellowship of Musculoskeletal Ultrasonography. She has 2 case studies published in JOSPT about musculoskeletal ultrasound. Her practice won Practice of the Year award for contributions to society at 2018 Hands-On Diagnostic Annual Symposium.
