

## **Beshoy Ghaly, PT, DPT, RMSK, ECS**

ABPTS Board Diplomate in Clinical Electrophysiology

Registered in Musculoskeletal Sonography

CUNY Adjunct Assistant Professor

### Summary

Elected Nominating Committee Chair 2022 / Academy of Clinical Electrophysiology and Wound Management (ACEWM).

Elected Nominating Committee Chair / Neuromusculoskeletal Ultrasonography Special Interest Group - ACEWM.

Item Writer – ABPTS Specialization Academy of Content Experts (Clinical Electrophysiology Board Exam).

ABPTS Board Certified Clinical Specialist in Clinical Electrophysiology (ECS)/ (Electromyography and Nerve Conduction Studies) - 2016

Registered in Musculoskeletal Sonography (RMSK) by Alliance for Physician Certification and Advancement (APCA)

POCUS Certification Academy Musculoskeletal (MSK) Point-of-Care Ultrasound Certificate

APTA Credentialed Clinical Instructor (CCI).

Education Committee Member / Electrodiagnosis Special Interest Group – ACEWM

Author & Instructor of MSK Ultrasound Mastermind® courses and programs (Continuing Education Units).

### Journal Publications

- COVID-19 Vaccination Related Lymphadenopathy as a Cause of Acute Shoulder Pain: A Report of Two Patients

Journal of Clinical Electrophysiology and Wound Management (JCEWM) · Feb 15, 2023

Citation: Ghaly, B., Quintillan, S., Boggs, R., & Ross, M. (2023). COVID-19 Vaccination Related Lymphadenopathy as a Cause of Acute Shoulder Pain: A Report of Two Patients. 1(1), 51–56. <https://doi.org/10.55566/jcewm-d-22-00005>

- Ulnar Neuropathy at the Wrist  
JOSPT Cases Vol.1 No. 3 (2021)

Co-Authors: Michael Ross, PT, DHSc, OCS, FAAOMPT & Ryan Boggs, PT, DPT, DSc(c)

-The Use of Neuromuscular Ultrasound and NCS/EMG Testing in the Differential Diagnosis of Carpal Tunnel Syndrome and Radiculopathy  
The Neurodiagnostic Journal (2019)

Citation: Beshoy Ghaly & Sandy Ghaly (2019) The Use of Neuromuscular Ultrasound and NCS/EMG Testing in the Differential Diagnosis of Carpal Tunnel Syndrome and Radiculopathy, The Neurodiagnostic Journal, DOI: 10.1080/21646821.2018.1553873

- The use of Electrodiagnostic studies and Musculoskeletal Sonography in Carpal Tunnel Syndrome.

Journal of Bodywork and Movement Therapies (2018)

Citation: Kostopoulos, D., Ghaly, B., The use of Electrodiagnostic studies and musculoskeletal sonography in carpal tunnel syndrome, Journal of Bodywork & Movement Therapies (2018), doi: 10.1016/j.jbmt.2018.07.001

Conference Publications:

- Interpreting Musculoskeletal Ultrasound and Electrodiagnostic Reports for Effective Patient Management

APTA CSM 2024 - Educational Session

Co-Author: Ryan Boggs, PT, DPT, DSc & Dustin Arthur, PT, DPT, ECS

- Musculoskeletal Ultrasound and EDX in the Differential Evaluation of Cervical Spine and Shoulder Pathology

APTA CSM 2023 - Educational Session

Co-Author: Ryan Boggs, PT, DPT, DSc & Dustin Arthur, PT, DPT, ECS

- How Does Musculoskeletal Ultrasound Imaging Help Clinicians?  
Bone Interdisciplinary Symposium - College of Staten Island 2022

-The Use of Diagnostic Musculoskeletal Ultrasound in Modern Clinical Electrophysiology Practice

Rocky Mountain University Annual ENMG Symposium 2022

Co-Author: Ryan Boggs, PT, DPT, DSc

-Musculoskeletal Ultrasound Role in COVID-19 Vaccination-Related Lymphadenopathy As a Cause of Shoulder Pain.

APTA CSM 2022 - Poster

-Musculoskeletal Ultrasound as a Complementary Addition to Electrodiagnosis in Wrist & Hand Clinical Practice.

APTA CSM 2022 - Educational Session

Co-Author: Ryan Boggs, PT, DPT, DSc & Dustin Arthur, PT, DPT, ECS

-The Use of MSK Ultrasound in the Differential Diagnosis of Ulnar & Median Neuropathies at the Wrist

POCUS World Conference 2021

Co-Authors: Michael Ross, PT, DHSc, OCS, FAAOMPT & Ryan Boggs, PT, DPT, DSc(c)

-Ulnar Neuropathy at the Wrist Mimicking Carpal Tunnel Syndrome

APTA CSM 2021 - Poster

Co-Authors: Michael Ross, PT, DHSc, OCS, FAAOMPT & Ryan Boggs, PT, DPT, DSc(c)

-Is Musculoskeletal Ultrasound Complementary or Alternative to EMG in Clinical Electrophysiology Practice? APTA CSM 2021 - Educational Session

Co-Author: Mohini Rawat, PT, DPT, ECS, OCS, RMSK, Ryan Boggs, PT, DPT, DSc(c) & Dustin Arthur, PT, DPT, ECS

- The Utility and Practicality of Ultrasound in Upper Extremity Pathology.

American Academy of Orthopaedic Surgeons (AAOS 2018 Annual Meeting) Scientific Exhibit SE23, 2018 Annual Meeting in New Orleans, Louisiana, Morial Convention Center.  
[www.aaos.org/annual](http://www.aaos.org/annual)

**Webinars:**

- Neuromusculoskeletal Ultrasound Basics in Carpal Tunnel Syndrome  
American Institute of Ultrasound in Medicine Learning Center - 2022 (CME Approved)
- Musculoskeletal Ultrasound and Electrodiagnostic Testing in the Evaluation of Upper Extremity Pathology: A Case Series  
Academy of Clinical Electrophysiology and Wound Management – NMSKUS-SIG 2022
- Basics of Diagnostic MSK Ultrasound in Carpal Tunnel Syndrome  
Academy of Clinical Electrophysiology & Wound Management - NMSKUS-SIG 2021

Membership:

APTA (American Physical Therapy Association)

ACEWM (Academy of Clinical Electrophysiology and Wound Management)

AIUM (American Institute of Ultrasound in Medicine)

ASSH (American Society for Surgery of the Hand)
